Subject: Solder plated terminal finish plastic package product discontinuance

Dear Customer,

This notice is intended to notify you that Analog Devices Incorporated (ADI) has discontinued the tin lead (SnPb) finish option of the attached list of products. The reason for this discontinuation is that our packaging subcontractors no longer support tin lead finish process. These products are still available with our lead-free matte tin terminal finish as a replacement. The replacement part numbers include the suffix #PBF, #TRPBF or #TRMPBF and are RoHS and WEEE compliant. If you would like more information concerning our RoHS program please visit: [http://www.analog.com/media/en/quality/RoHS\\_Compliance\\_General\\_Info.pdf](http://www.analog.com/media/en/quality/RoHS_Compliance_General_Info.pdf)

**Please note that these changes do not affect uModule and other BGA SnPb ball finish, RH, Mil and hermetic (metal can and flatpack) products.**

All other lead finish products, that are not on this list or have not been obsoleted previously, can be produced in our Penang packaging facility.

Thank you for your support and for your efforts to qualify our matte tin finish products. Please contact your local sales representative for more information, <http://www.analog.com/en/support/technical-support.html>.
