--------	---	---------------

Date Issued

Reason For Change	Change Construction Or Material
-------------------	---------------------------------

Change Description	This letter is to inform you that Molex has recently received a declaration of Force Majeure from a plastic resin supplier for one of the plastic resins used for making dust caps for our connectors. A stabilizer additive used in this plastic resin is nearly obsolete globally. This declaration takes effect immediately. Molex has tested and qualified an alternate resin from the same resin manufacturer. Due to the urgency of the situation, and rather than limiting customer orders, Molex has chosen to keep continuity of supply and provide customers with parts manufactured in the alternate material. Molex molding processes are being closely monitored to ensure there are no changes or abnormal variation. Production control plans, inspection, and in-process testing are being followed closely to ensure all requirements are being met. Internal validation test plans are developed and executed on key products to ensure compliance to specifications.

--	--

Part Numbers Affected	Please refer to CustomerPartList.csv attached to e-mail message.
-----------------------	--

Reason For Short Notice Exception	Force Majeure
-----------------------------------	---------------

Assessment Of Change (How Product Will Be Qualified & Validated)	No change to fit, form or function
---	------------------------------------

Internal Molex Qualification Date (Planned Date Information Available)	June 23, 2015
---	---------------

Sample Availability Date (Changed Part)	July 01, 2015
--	---------------

Date of Implementation	July 03, 2015
------------------------	---------------

Method of Identifying Change	Parts made after implementation date
------------------------------	--------------------------------------

Recommended Replacement Parts	Not applicable
-------------------------------	----------------

Last Time Buy Date for Obsolete Parts	
---------------------------------------	--

Last Time Ship Date for Obsolete Parts
