

Dear Valued Customer:

Consistent with our core values, EnOcean is dedicated to working with our customers and suppliers to meet applicable product safety requirements, including the California Safe Drinking Water and Toxic Enforcement Act of 1986, also known as Proposition 65.

To the best of EnOcean's knowledge, EnOcean's products, as manufactured and shipped by EnOcean, comply with the safe harbor NSRL and MADL limits of Proposition 65.

EnOcean products do not actually have the potential to cause an exposure of chemicals.

This assessment is based on our current level of knowledge from all of our material and component suppliers. EnOcean makes no warranties, expressed or implied, and assumes no liability in connection with this information.
